

We are seeking a **Cost Control Specialist** to join our Finance department. The role will be responsible for supporting and managing key activities such as management control, general accounting, and monthly closing support. The ideal candidate has an analytical mindset, strong attention to detail, and solid knowledge of accounting and tax procedures.

### Role Objective

The **Cost Control Specialist** ensures effective monitoring, analysis, and financial planning for the company, supporting strategic decision-making through accurate data and efficient reporting.

### Key Responsibilities

- **Monitor company performance** against defined objectives.
- **Analyze variances** between budget and actual results.
- **Conduct cost and margin analysis** by product, process, or project.
- **Validate business cases** for new investments or projects.
- **Support monthly closing activities** in collaboration with the Finance team, ensuring data accuracy and compliance with deadlines.
- **Assist in the preparation** of financial reports, balance sheets, forecasts, and other analyses required by management.
- **Contribute to strategic planning** and the definition of budgets and forecasts.
- **Perform periodic reconciliations** of accounts, customers, and suppliers to ensure accuracy of accounting operations.
- **Collaborate cross-functionally** with Administration, Sales, Procurement, and General Management.

### Required Skills

- **Accounting & Finance:** Knowledge of accounting and tax regulations.
- **Management Control:** Budgeting, forecasting, and variance analysis techniques.
- **Data Analysis:** Advanced use of Excel, ERP systems, and BI tools.
- **Reporting:** Ability to prepare clear, concise financial reports.
- **Financial Planning:** Development of short- and long-term financial plans.
- **Soft Skills:** Problem solving, accuracy, leadership, effective communication, teamwork.

### Education & Experience

- Degree in **Economics, Business Administration, or Industrial Engineering**.
